To Whom It May Concern:

This is to certify that the Grundfos pumps supplied by **M/s. HARSH ENGINEERING** for the Chilled Water application are working satisfactorily **since February 2007**.

Pump Model	Qty	Our P.O. No. / Date	Motor Details	Duty Point
NB 80-200/188	4 Nos	PNL 260316 dated 02/Nov/2006	30 kW / 2900 RPM	200 m3/hr @ 38 m head
NB 65-160/173	3 Nos	PNL 260316 dated 02/Nov/2006	15 kW / 2900 RPM	100 m3/hr @ 39 m head

Even after having high flow, we've found the operation of these pumps extremely silent & vibration-free. We've found the performance satisfactory and as per the process requirement.

We are very much satisfied with the performance of Grundfos pumps.
