To Whom It May Concern:

M/s. HIMANSHU ENGINEERS was awarded the contract for the complete utility piping, erection of low pressure boiler (working pressure: 10.54 kg/cm^2 – 1 x 16 TPH) with steam pipe line and erection of high pressure boilers (working pressure: 52 kg/cm^2 – 2 x 18 TPH) with steam piping in turbine house in our process plant at Balitha, Vapi.

They have completed the work to our full satisfaction and in record time. As a token of our appreciation, we gave bonus of Rs. 2 Lakh to them.

This certificate is being issued to them on their request for better business prospects.
